James:

I received Iowa DNR's 2015 and 2016 Hazardous Waste Activities Forms. The documents are addressed to Rhonda Taylor and she separated in early 2016. She oversaw lab operations and that's why these documents ended up with me (at the same time), but we have an EHS specialist, Glen Pilz. Can the forms be updated with Glen's information so we can get these forms submitted prior to the April deadline? His phone number is 641-969-4115 x7209.

Sincerely,

Chris Monarrez
Lab Supervisor
